IN THE UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF CALIFORNIA

SOUTHERN DIVISION

UNITED STATES OF AMERICA,)	No. 1247-SD-C
)	
Plaintiff,)	
)	FINAL JUDGMENT
vs.)	AND DECREE
)	
FALLBROOK PUBLIC UTILITY DISTRICT,)	
a public service corporation of)	
the State of California, et al.,)	
)	
Defendants.)	

The above-entitled cause came on regularly for trial before the Honorable James M. Carter, United States District Judge, following remand from the United States Circuit Court of Appeals for the Ninth Circuit, which directed that this Court ". . . enter no judgment until the entire suit can be disposed of at the same date."

Because of the complexities of this litigation and the fact that the physical water resources were located throughout the watershed, this Court determined that the said mandate could best be complied with by adjudicating the rights of the parties to the cause in segments of the watershed involving limited areas and numbers of defendants and

eh

1 by entering Interlocutory Judgments as the trial concerning
2 each such segment was concluded. Proceeding in this manner,
3 this Court has entered interlocutory judgments as the trial
4 progressed, each of which concerns a specified area within the
5 Santa Margarita River watershed, or a limited legal issue
6 presented by the parties. These interlocutory judgments
7 expressly provided that they were not final and not operative
8 until made a part of the final judgment. This Court having
9 now entered orders or interlocutory judgments on all areas
10 within the watershed and all issues presented for decision,
11 and the rights to the use of the waters of the Santa
12 Margarita River stream system having been adjudicated in
13 those interlocutory judgments, this Court therefore will enter
14 its final judgment and decree.

15 Evidence both oral and documentary having been
16 introduced, and the Court having heard arguments of counsel
17 on the issues presented, and having considered the matter,

18 NOW, THEREFORE, IT IS ORDERED, ADJUDGED AND
19 DECREED:

20 1.
